

Thank you, Boy Scouts!

Shout out to Cody Deplazes who, for his Eagle Scout project, invited a group of Boy Scouts to volunteer their time to put together birthday baskets to donate to the Pine River Area Food Shelf. These baskets contain everything you would need for a birthday party, for parents who may be struggling to afford a special day for their child.

The purpose of the Eagle Scout project is to demonstrate leadership within the community and his troop. Cody has been a Boy Scout since 1st grade. His goal is to have his Eagle Scout rank by graduation in May of this year.

There was a total of 8 contributing scouts from Troop 73. Thank you all for volunteering your time to help your community in such a beautiful way!
